# WHITEBOARD INITIATIVES

**WhiteBoard Initiatives** is a non-profit organization that works in the field of STEM, Environment, Teen Empowerment, Education, Entrepreneurship, and Human Rights while focusing on ensuring a holistic development of society. **WhiteBoard initiatives'** working model engages the teenagers and young generation in its core action, which enables them to bring out their innate leadership, technical, and industry-focused skills, leading them towards empowerment, employment, and being skilled manpower that eventually ensures the ultimate social development.

## 🎯 Our Goals -

- Skill Development & Youth Engagement In the STEM Field
- Holistic Social Development
- Combat Global Problems
- Sustainable Environment
- Youth Employment

# INNOVERSE BANGLADESH

NATIONAL SCIENCE & TECHNOLOGY CARNIVAL 2025

IMAGINE ■ INNOVATE ■ INNOVERSE

## Innoverse Bangladesh : National Science & Technology Carnival

2025 is a national science and technology festival aimed at inspiring teenagers and youth in STEM, promoting innovation, and connecting the next generation with tech-based startups and creators. Jointly organized by **a2i & WhiteBoard Initiatives** with the support from the **ICT Division**, this national technology and science festival aims to spark curiosity, inspire young minds, and showcase the country's growing potential in STEM and entrepreneurship.

Set to host **tens of thousands** of teenagers, STEM enthusiasts, young entrepreneurs, and industry experts, Innoverse Bangladesh serves as a dynamic platform to connect schools, colleges, universities, start-ups, and tech-based innovators under one roof. Through the features of an exciting blend of competitions, exhibitions, seminars, and interactive zones, visitors will experience cutting-edge tech showcases, futuristic themes, startup innovations, and immersive science activities — all in a carnival atmosphere.

# AT A GLANCE

Ministry of Science & Technology, ICT Division,  
National Museum of Science & Technology of **The Government of  
Bangladesh**

## CLUB BATTLES

**100+** clubs/societies from different schools and colleges **around the country** will gather under one roof at the Club Networking Hub. These student-led groups will showcase their creativity and compete in diverse categories including science projects, scrapbooks, wall magazines, posters, and club promos. Alongside the competitions, they'll engage in interactive networking sessions and share their unique insights, making this a vibrant space for collaboration, expression, and friendly rivalry.

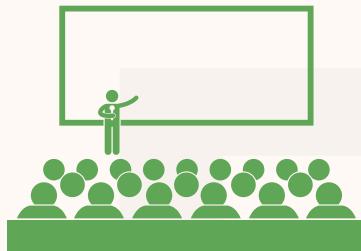

## EXHIBITION

- Astro Photography
- Comic Corner
- Science Experiments
- Pictures portray science
- Doodles Art Gallery

## INNOVATION EXPO

The Innovation Expo at Innoverse Bangladesh 2025 is a dynamic exhibition zone celebrating cutting-edge ideas and inclusive progress. It brings together over 50+ tech startups, pioneering student projects, government-led digital innovations, and empowering solutions for persons with disabilities. Spanning across four key sections — Tech Startups, Project Exhibition, GovTech, and Tech for Inclusion — the expo provides a powerful platform for innovators to connect with investors, collaborators, and change-makers shaping the future of science and technology in Bangladesh.

### SHAHEED TANVIN INNOVATION AWARD FOR NOTABLE CONTRIBUTION IN STEM FIELD

**Young individuals (under 25)** who have created visionary projects, done impactful research, performed exceptionally in STEM competitions nationally and Worldwide, or even contributed significantly to the STEM field in any other way will be awarded with great honor.

### PUBLIC SEMINARS AND WEBINARS

Renowned STEM experts and thought leaders from Bangladesh and beyond will take the stage to share insights, experiences, and ideas that discuss emerging technologies and their societal impact. Through engaging talks and interactive Q&A sessions, 8–12 influential figures known for their societal impact and student engagement will spark inspiration and dialogue among young minds.

## FUN FEATURES

MICROSCOPY

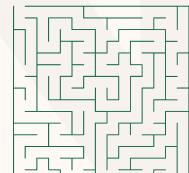

ESPORTS

ROCKET EXHIBITION

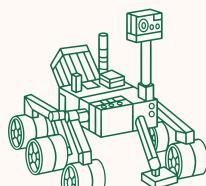

DRONE

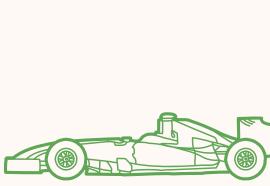

ESCAPE MAZE

CHEMSHOW

ROVER

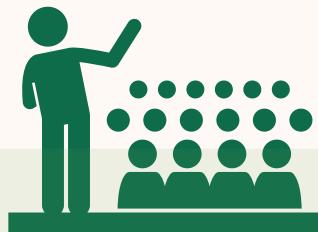

FORMULA CAR

STARGAZING

# SKETCHTALK

## THE WHITEBOARD FOR VOICES THAT INSPIRE

Inspired by the limitless creativity of a whiteboard, SketchTalk is the signature storytelling stage of Innoverse Bangladesh, where changemakers, visionaries, and trailblazing youth bring bold ideas to life. Here, science meets storytelling as speakers “sketch” their journeys in innovation, research, entrepreneurship, and social impact.

Unlike formal lectures, SketchTalk turns real experiences into sparks of curiosity, courage, and change — it’s about what you believe, build, and dream next. From young scientists and tech disruptors to educators and creators, every voice here inspires the next generation of innovators across Bangladesh and beyond.

# INNOVENTURE'S VAULT

A premier platform for budding entrepreneurs to pitch start-up ideas before a panel of investors and mentors. The investor panel will assess startups on innovation, scalability, and impact. Startups that demonstrate strong potential may be offered investment, mentorship, or strategic support, while those that do not meet the criteria will not be extended a deal. Only the most promising ventures will unlock the Vault and access tailored guidance and resources.
